Why ₹5 Cr Clients Don't Trust You.

⚠️ 01 // THE CREDIBILITY LEAK

The ₹5 Cr First Impression

HNIs judge your investment acumen within 5 seconds of loading your website.

WHAT A DATED SITE SAYS

“Are their portfolio models outdated too?”

High-net-worth clients expect Apple/Zerodha level polish. Clunky forms scream amateur operation.

“I loved our introductory call, but their website looked like it was made in 2012.”

THE ECONOMIC REALITY

Massive Pitch Waste

You spend 3 hours preparing a bespoke proposal. The lead Googles you, gets cold feet, and vanishes.

LOST ANNUAL FEE VALUE

₹1.8L–₹4.5L/yr

🏛 02 // INSTITUTIONAL ARSENAL

The 3 Pillars That Close HNIs

The digital infrastructure that separates premium wealth firms from local distributors:

01 Institutional Web Design
Sub-second load times, bespoke typography, and private-wealth aesthetic that commands immediate trust.

02 The Interactive "Fee Drag" Proof
A live calculator showing how distributor commissions silently siphon ₹35L+ from their family portfolio.

03 Frictionless 5-Minute Onboarding
Digital SEBI suitability capture that respects their time. Zero 10-page Word docs or manual scans.

✓ **The Result: 3× Higher Conversion on ₹2 Cr+ Leads. High-ticket clients stop shopping around once they experience institutional-tier digital polish.**

💡 03 // THE VALUE EQUATION

Fiduciary Math Proof

“Free advice is the most expensive thing an HNI buys.”

HNIs don't hesitate to pay your ₹75,000 fee when you mathematically prove they are bleeding ₹35 Lakhs in distributor commission drag.

10-YR REGULAR FUND DRAG (1.2% COMMISSION) ₹38,40,000 BLEED

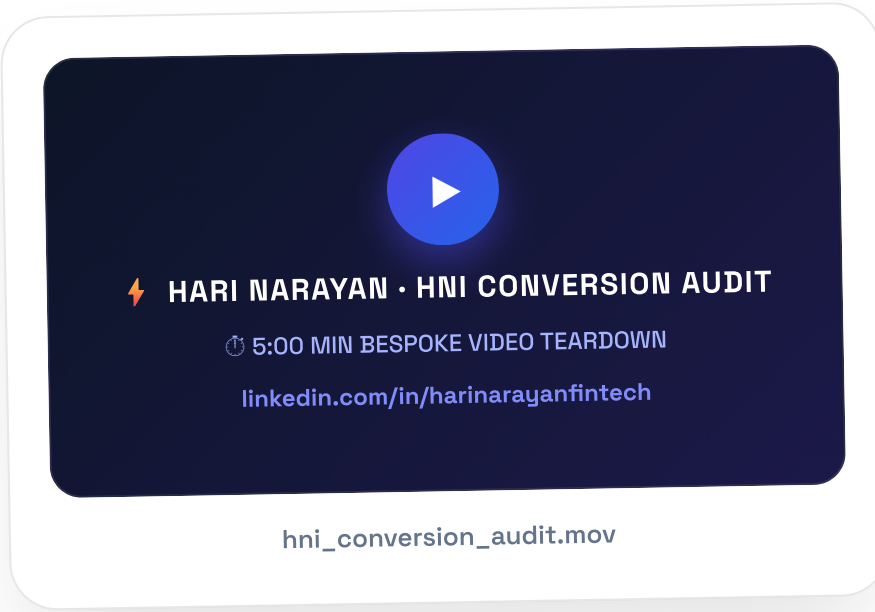

SEBI FLAT-FEE RIA (DIRECT FUNDS) ₹4,80,000 TOTAL COST

NET CAPITAL PRESERVED FOR CLIENT **+₹33.6 LAKHS**
